NEW TRIAL.

tify the fact to the Governor.

We learn that Col. San't. RUCKER, convicted of murder in the second degree, last week, in the criminal court, : 1 Murfreesboro', has obtained a new tria-It appears that one of the jurors had, previous to the trial, expressed an opinion unfavorable to the pris-

THE ÆOLIAN MINSTRELS.—There is no mistake in this band of minstrels. It ranks with the very best we have ever listened to. The music is well arranged, the singing excellent, and the fun uproarious. They come among us so modestly, determined to rely upon their own merits, without preliminary puffing, that the audience last night-and it was good one-was taken by surprise, and the praise was warm and unanimous. They sing again tonight, and will have a crowded house.

The monster ocean ship Great Republic recently extensively damaged by the large fire in New York, appears on examination to be in better condition than was at first supposed. Five steam pumps were put aboard the other day and the twelve feet of water reduced at the rate of a foot an hour. The large and valuable cargo of flour, grain, &c , below decks, is only damaged by water. and the greater portion of it will be valuable. The soakage of the flour will not probably affect more than one-fourth of the barrel, probably less, and the grain, of course, will be dried and still valuable for animal food, and corn starch.

-For the disease of Females, is one of the most extraordinary and valuable medicines now extant. It is prepared by Dr. Thos. POMEROY, of New York, an Alopathic Physician, who has practiced successfully in Utica, New

York, forty years. Its discovery was the result of chance, while experimenting on remedies for a totally different train of disorders. For s x years it has been tested in every part of the world. In the State of Tennessee it has performed wonderful cures. I will not say that it has been successful in every case, but when it does not cure it never fails to te-lieve the most distressing symptoms. I am permitted by William Parkes, Esq. of Lawrenceburg, to state that in a few weeks it completely cured his negro girl, who had been for five years in the hands of physicians who had not been able to relieve her.
